

(08)

Lorsque le diviseur est supérieur à 10, il est utile de construire la table de multiplication associée à ce nombre.

• Pose et effectue les divisions suivantes :

$578 : 12 = \dots\dots \text{reste } \dots\dots$ $12 \times 1 = \dots\dots$ $12 \times 2 = \dots\dots$ $12 \times 3 = \dots\dots$ $12 \times 4 = \dots\dots$ $12 \times 5 = \dots\dots$ $12 \times 6 = \dots\dots$ $12 \times 7 = \dots\dots$ $12 \times 8 = \dots\dots$ $12 \times 9 = \dots\dots$ $12 \times 10 = \dots\dots$	$4\ 534 : 21 = \dots\dots \text{reste } \dots\dots$ $21 \times 1 = \dots\dots$ $21 \times 2 = \dots\dots$ $21 \times 3 = \dots\dots$ $21 \times 4 = \dots\dots$ $21 \times 5 = \dots\dots$ $21 \times 6 = \dots\dots$ $21 \times 7 = \dots\dots$ $21 \times 8 = \dots\dots$ $21 \times 9 = \dots\dots$ $21 \times 10 = \dots\dots$
$7\ 982 : 26 = \dots\dots \text{reste } \dots\dots$ $26 \times 1 = \dots\dots$ $26 \times 2 = \dots\dots$ $26 \times 3 = \dots\dots$ $26 \times 4 = \dots\dots$ $26 \times 5 = \dots\dots$ $26 \times 6 = \dots\dots$ $26 \times 7 = \dots\dots$ $26 \times 8 = \dots\dots$ $26 \times 9 = \dots\dots$ $26 \times 10 = \dots\dots$	$6\ 835 : 14 = \dots\dots \text{reste } \dots\dots$ $14 \times 1 = \dots\dots$ $14 \times 2 = \dots\dots$ $14 \times 3 = \dots\dots$ $14 \times 4 = \dots\dots$ $14 \times 5 = \dots\dots$ $14 \times 6 = \dots\dots$ $14 \times 7 = \dots\dots$ $14 \times 8 = \dots\dots$ $14 \times 9 = \dots\dots$ $14 \times 10 = \dots\dots$
$85\ 245 : 35 = \dots\dots \text{reste } \dots\dots$ $35 \times 1 = \dots\dots$ $35 \times 2 = \dots\dots$ $35 \times 3 = \dots\dots$ $35 \times 4 = \dots\dots$ $35 \times 5 = \dots\dots$ $35 \times 6 = \dots\dots$ $35 \times 7 = \dots\dots$ $35 \times 8 = \dots\dots$ $35 \times 9 = \dots\dots$ $35 \times 10 = \dots\dots$	$59\ 986 : 29 = \dots\dots \text{reste } \dots\dots$ $29 \times 1 = \dots\dots$ $29 \times 2 = \dots\dots$ $29 \times 3 = \dots\dots$ $29 \times 4 = \dots\dots$ $29 \times 5 = \dots\dots$ $29 \times 6 = \dots\dots$ $29 \times 7 = \dots\dots$ $29 \times 8 = \dots\dots$ $29 \times 9 = \dots\dots$ $29 \times 10 = \dots\dots$
